These terms and conditions were last updated on 17<sup>th</sup> July 2023.

## A. Your Agreement

- These terms and conditions form an integral part of Your Agreement for the provision of the Service with Us, together with the following terms (together with any other documents referred therein), where applicable:
  - The Application Form
  - The Special Offer Terms and Conditions
  - The Bundled Plan Terms and Conditions
  - The Tariff Plan Terms and Conditions and/or Schedule of Charges
  - The End User License Agreement (EULA)
  - The Product Terms and Conditions
  - The General Terms and Conditions
- If any of these documents conflict with one another, the terms will apply in the order of precedence set out above.

## B. Definitions

- 'Agreement Benefit' means a conditional discount or offer or any other incentive that We may introduce from time to time.
- 'International Activity' means usage made towards non-Maltese numbers while You are in the Territory.
- 'Pay As You GO' means the pre-paid mobile service.
- 'Hybrid' means the mobile service with elements of both pre-paid and post-paid.
- 'Pay Monthly' means the post-paid mobile service.
- 'Roaming' means the connection of a GO SIM Card to a non-GO network.
- 'SIM Card' means the Subscriber Identity Module and contains Your information which, when used with the appropriate equipment, enables access to the Network and services.

## C. Your Service

- We will provide You with the mobile service specified in Your Application Form. Your Service may include the ability to make and receive calls, send and receive text messages (SMS), make data sessions, make use of other services that are available on Your Tariff Plan, or a combination of any of the above. The details of Your Service are specified in the Tariff Plan and/or Schedule of Charges.
- Your Service starts from the date We activate it.
- Call charging starts from the time the call is answered, whether by another person or a machine.
- Text messages are charged immediately upon submission, irrespective of whether they are delivered or not.
- In ideal optimal conditions, the mobile Network can deliver an approximate maximum download internet speed of 210 Mbps and an approximate maximum upload speed of 50 Mbps when using 4G+ technology. Wherever 5G mobile data service is available, the maximum download speed of 1024 Mbps and upload speed of 100 Mbps may be attained. This data is given for information purposes only and may change with technology advancements. The mobile data speed that can be attained on Our connection may vary and depends on a number of factors, amongst them Our Network, the number of users making use of the Network at a particular point in time in a given geographical area, the radio quality (which can be affected by third party equipment and lack of coverage), as well as the connection speed that can be reached by Your devices. You may thus not always be able to reach the maximum speeds available to You on Your Tariff Plan. You agree that such factors may exist for the duration of Your Service with Us. In cases where we establish that your internet service with us has experienced continuous or regularly recurring problems, at our sole discretion we may offer you compensation or a partial refund, subject also where applicable to any previous compensation and/or partial refunds we may have already given you.
- Unless otherwise stated, mobile data sessions are charged on the basis of volume sent and/or received over Our network, in chunks as specified in Your Tariff Plan or Schedule of Charges. You understand that data usage given on Your device may not be accurate and that charges shall be based on the usage as measured on Our Network.
- Different charges may apply when You make usage towards numbers subscribed to different networks. If this is applicable to Your Tariff Plan, You should check whether a number belongs to a particular network prior to initiating an event, such as calling or texting, towards this number. You may do so by calling 180 (free of charge) while in the Territory in order to verify the relative operator of a particular local number. If this information service is changed or discontinued due to legal or regulatory decisions, this will not constitute a change to Your terms and conditions.
- Any other mobile activity is charged as stated in Your Tariff Plan or Schedule of Charges. Where no such charges are specified, such as for televoting, donations and information services, the applicable rates shall be as communicated by the parties promoting these services and will be added to Your bill or, in the case of a Pay As You GO Service, deducted from Your balance.
- We may make certain add-ons, such as an amount of data bought as a bundle at a discounted rate, available to You on Your Service. If this is the case, You may choose to activate it by following the instructions for the given add-on. You understand that the activation of these add-ons may be delayed and that any usage made while this add-on is still not active will be charged at the normal rates.

- Any add-on We choose to make available on Your Tariff Plan maybe modified or discontinued at Our sole discretion. Every add-on is governed by its own terms of use.

## D. Connecting to Your Service

- We will provide You with a SIM Card in order to be able to connect to Our network. The SIM Card will remain Our property but it is Your responsibility to handle it with care and keep it safe. We will replace any SIM Card that is found to be defective due to faulty workmanship, but reserve the right to charge You a fee for replacing or renewing a SIM Card in any other circumstance.
- We may recall a SIM Card at any time to enhance or maintain the quality of Our network. From time to time You may also need to replace Your SIM Card due to technological advancements both on Our network and any devices You may use to connect to it.
- You should inform Us immediately if Your SIM Card is lost, stolen or damaged. We will provide You with a replacement SIM Card as soon as is reasonably possible, but We reserve the right to charge You for such a replacement.

## E. Agreement Benefit

- We reserve the right to offer an Agreement Benefit with one or more Tariff Plans at any point in time. These Agreement Benefits may be changed or discontinued at Our sole discretion.
- Where applicable with Your chosen Tariff Plan, You may choose to take an Agreement Benefit with Your Agreement. Unless otherwise stated, You may only benefit from one Agreement Benefit at any particular point in time.
- The Agreement Benefit is given on condition that You remain bound to the Service stated in Your Agreement with Us for a pre-defined period of time. If You choose to terminate Your Agreement with Us prior to this time period elapsing, or if We suspend or terminate Your Agreement with Us due to a reason directly applicable to You, such as non-payment for the Service, You shall be bound to pay Us all the fees/charges/penalties as outlined in the Agreement, including the reimbursement of the Agreement Benefit.
- You will be liable to reimburse Us for the Agreement Benefit and all the fees/charges/penalties as outlined in the Agreement if You downgrade Your Service with Us during the pre-defined time period of Your Agreement.
- If You choose to upgrade Your Service with Us during the pre-defined time period of Your Agreement, You will not be able to benefit from any new Agreement Benefit unless You terminate the old Agreement and pay Us all dues, including those applicable to Your current Agreement Benefit.

## F. Additional Terms Applicable to Pay as You GO

- In order to make use of Your Pay As You GO Service, You need to top-up Your account. You may do so using any of the top-up methods We make available to You or else those available through third party services.
- If You affect a top-up using a third party service and the payment for it is reversed at a later date, We reserve the right to deduct any amount, inclusive of all applicable taxes, that was topped up from the Service that benefitted from the top-up.
- We may impose a top-up limit on the amount of topped up credit You may have in Your account at any particular point in time. If You reach or exceed this limit, You will be unable to top-up until Your credit has been reduced to this limit or less.
- The chargeable usage made from Your Service will be deducted from the amount You have topped up. You will not be able to make any further usage, with the exception of calls to emergency services, if Your topped up credit has been used up or else the amount left is insufficient to perform the activity You wish to make.
- You will be able to receive incoming calls and text messages for three hundred and sixty-five (365) days from the date of Your last top-up.
- If Your Service is inactive for three hundred and sixty-five (365) days from the last top-up or chargeable activity, Your Service will be disconnected. All remaining topped up credit will be lost and the number will be reassigned. Our Pay As You GO Disconnection Policy can be found on Our website. You may also request a printed copy from one of Our retail outlets.

## G. International Activity and Roaming

- In the case of Pay As You GO, Your Service is enabled for International Activity and Roaming upon activation. In the case of Pay Monthly, You need to state in Your Application Form that You want to activate these services.
- You will be able to roam with partner networks with which We have a Roaming agreement. You may find a list of these networks on Our website. We may have different agreements in place with different partner networks, which means that some of Your services may not be available with a particular partner network. The partner network may also not support certain services. We advise You to check Our website or to contact Us prior to Roaming to familiarise Yourself with the services and applicable charges available to You whilst Roaming. We are not responsible for differences in service availability that You may encounter while Roaming.
- When making use of these partner networks, You agree that You are dependent on them for the quality of service that You receive. We will not be responsible for

matters beyond Our control that You may encounter while Roaming. You should contact Us immediately on 8007 2121 or <https://www.go.com.mt/contact-us> if You encounter any difficulties so that We may investigate the matter. We do all we can to ensure the quality of service conditions are aligned to your experience on your home network. This is to ensure you have a genuine Roam Like At Home experience. Nonetheless due to factors outside our control this may not always be possible. There are various factors in each country that can influence the quality of service provided related to the technologies available in the visited country and the deployment status of the latest technology. Service quality can be impacted by local network coverage, the number of people using the network at busy times, the surrounding buildings in urban areas, tree cover and even weather conditions. Coverage can also vary in indoor locations, travelling in a car or when visiting remote rural and mountainous areas. More detailed information can be found here: [www.go.com.mt/travel](http://www.go.com.mt/travel)

4. Unless otherwise stated, all International Activity and Roaming is chargeable. The rates may vary from country to country and from one partner network to another. You may check these rates on Our website. You accept that it is Your responsibility to familiarise Yourself with these rates prior to making use of these services.
5. Unless otherwise stated, You are charged for the international leg of all incoming calls received while Roaming. This means that the person calling You pays for the call as though You were still in the Territory, while You pay for the part of the call that connects You from the Territory to the country You are visiting. The charge will be the incoming call charge of the partner network You are currently using.
6. Foreign operators reserve the right to block access to free phone, shared cost numbers and premium rated numbers. Where such access is not blocked, foreign operators may charge a fee for calling these numbers. Published roaming rates can be found here: <https://www.go.com.mt/support/premium-services-roaming>.
7. We reserve the right to vary or change the International Activity and Roaming rates inter alia for reasons independent of Our control as well as for technical, commercial or other reasons. Prior to making use of these services, You should always check the latest rates on Our website or otherwise request these rates from Us if you do not have access to the Internet. Published roaming rates can be found here: [www.go.com.mt/travel](http://www.go.com.mt/travel).
8. Whilst roaming in EU Zone 1 Your Tariff Plan's local calls and SMS bundles applicable to other local networks are applicable to Malta and EU Zone 1 numbers. Other similar bundles applicable only to GO mobile numbers are not available whilst roaming in EU Zone 1.
9. EU Zone 1 roaming fair usage policy:
  - a. Tariff Plans with unlimited bundles available whilst roaming in the EU Zone 1 Roaming Countries are available for customers:
    - i. Permanently residing in Malta, meaning a customer with a valid Maltese Identity card, passport, driving licence or utility bill registered on a Maltese address, or
    - ii. Who have stable links with Malta, meaning, but not exclusively, full-time employees with a local employer, self-employed persons with contractual local ties or full-time recurring students.
  - b. You may be required to present documentary evidence proving normal residence or stable links as per 9.a above in the following forms:
    - i. Presentation of official documents with a local address listed in 9.a.i above
    - ii. An official signed declaration of full-time employment by your local employer
    - iii. An official signed declaration of full-time student status by your local education institution
    - iv. In the absence of the above documentary evidence, a valid property rental agreement can be presented
    - v. In the case of Business customers, proof of the local establishment or local activities of the business can be presented.
  - c. To prevent abusive or anomalous usage whilst roaming in EU Zone 1, a fair usage policy will apply when:
    - i. Over a period of four (4) consecutive months the total number of days Your SIM card, on which these Tariff Plans are activated, is logged onto a foreign network whilst roaming in the EU Zone 1 is higher than the total number of days it is logged onto Our network in Malta, or
    - ii. Over a period of four (4) consecutive months the total amount of usage in calls, SMS, and Data whilst roaming in the EU Zone 1 will be more than 50% of Your total usage in Malta and EU Zone 1, or
    - iii. Your SIM card, on which these Tariff Plans are activated, is exclusively used whilst roaming in the EU Zone 1 and not used for making or receiving calls and SMS or for data usage whilst in Malta for multiple periods of four (4) weeks or a single continuous period of two (2) months in the previous consecutive four (4) months.
  - d. In the event that either of the conditions in 9.c above are not met, We shall contact You and advise You on your anomalous usage and to reduce your usage to the limits indicated in 9.c above within two (2) weeks from the date of Our notification.

above, We reserve the right to impose a surcharge on your anomalous usage as follows:

Usage	Rate (excluding VAT)
Calls on a per minute basis	€0.22 as from 01/07/2022
	€0.19 as from 01/01/2025
SMS	€0.004 as from 01/07/2022
	€0.003 as from 01/01/2025
Data	€2.00/GB as from 01/07/2022
	€1.80/GB as from 01/01/2023
	€1.55/GB as from 01/01/2024
	€1.30/GB as from 01/01/2025
	€1.10/GB as from 01/01/2026
	€1.00/GB as from 01/01/2027

- f. In case of prepaid mobile tariffs, We may limit the volume of data allowance whilst roaming in EU Zone 1 to the amount of remaining credit, excluding VAT, at the time of the start of the data roaming session in EU Zone1, divided by the applicable data rate in 9.e above. Any usage above this fair-use limit will incur surcharges for data rates in 9.e.

Example: If You have €10 (€8.47 excluding VAT) of remaining credit left at the time you start roaming, while in EU Zone 1 as from 1<sup>st</sup> July 2022 You will have 4.2GB (€8.47/€2.00perGB) of data available, whereas in 2023 You will have 4.7GB (€8.47/€1.80perGB) of data available, etc.
- g. In case of tariffs that include data bundles, We may limit the volume of data allowance whilst roaming in EU Zone 1 to the equivalent of twice the volume obtained by dividing the overall domestic monthly tariff price, excluding VAT, by the applicable data rate in 9.e. above. If the resulting EU Zone 1 roaming data limit is higher than your current domestic bundle, You will be allowed to make use of all the remaining data in your domestic bundle whilst roaming in EU Zone 1. A surcharge may apply as per 9.e above for any usage above this limit. The surcharge that may apply is additional to the domestic out of bundle rate when the domestic data bundle limit is exceeded.
- h. We may take immediate proportionate measures:
  - i. If You use multiple SIM cards whilst roaming, and
  - ii. In case of organised resale of SIM cards to persons not effectively residing or having stable links in Malta.
- H. **Porting**
  1. If wish to port-out from Our network, You should contact the mobile operator to which you wish to port and You will need to comply with the porting requirements of that operator. Porting will be treated as a termination of Your Mobile Service and the relevant Agreement. GO may decline any porting requests if Your account is in arrears, if the details You give the other mobile operator do not match those on Our systems or for any other reason that may be specified by the Malta Communications Authority from time to time.
  2. If wish to port-out from Our network, You should contact the mobile operator to which you wish to port and You will need to comply with the porting requirements of that operator. Porting will be treated as a termination of Your Mobile Service and the relevant Agreement. GO may decline any porting requests if Your account is in arrears, if the details You give the other mobile operator do not match those on Our systems or for any other reason that may be specified by the Malta Communications Authority from time to time.
- I. **Other Important Terms**
  1. You acknowledge that unless otherwise stated in the Tariff specific Terms and Conditions or otherwise allowed by Us, Your Service is intended for personal and individual use only and should not be used in connection with any non-manual mechanism, application and/or software and/or any commercial endeavour or mass outreach.

- These General terms and conditions form an integral part of Your Agreement for the provision of the Service with Us, together with the following documents (together with any other documents referred therein), where applicable:
  - The Application Form
  - The Special Offer Terms and Conditions
  - The Bundled Plan Terms and Conditions
  - The Tariff Plan Terms and Conditions and/or Schedule of Charges
  - The End User License Agreement (EULA)
  - The Product Terms and Conditions
- If any of these documents conflict with one another, the terms will apply in the order of precedence set out above.
- This Agreement constitutes Your entire agreement for the provision of the Service specified in the Application Form and comes into force from the date on which it is accepted by Us. Any applicable minimum term starts from the date in which We start to provide You with the Service.
- When We refer to a party in this Agreement We are referring to that party and/or its successors in title and/or its assignees.
- All of Our terms and conditions, including those not mentioned above, are available on Our website. If You do not have access to the Internet, You may request a copy from one of Our retail outlets.

## C. Providing the Service

- We will be able to process Your Application if You provide Us with all requested information and data at the point of application, or when We request it if We find that We reasonably need additional information or data from You.
- You agree to follow any reasonable instructions that We may give You in order for Us to be able to provide You with the Service and to allow Us access to Your Premises where needed.
- You also agree to procure all necessary permits and permissions from third parties in order to enable the installation of the Service, where applicable. This includes permission from third parties if We need to cross their property or put Equipment on their Premises. We will be unable to proceed with the installation if We are aware that such permits and permissions are not available or if third parties do not provide Us with access to their property if needed. You agree to indemnify Us from any claims from third parties if such permits or permissions are not obtained before the installation takes place.
- The standard installation covers the installation of any wiring or cabling up to the modem/gateway, where applicable, or otherwise to the first socket. In order to benefit from the Service, You may need some special apparatus or installation that is not included with the standard installation, or else You may request that We carry out the installation outside normal working hours. If We accept to carry out such work, We will provide You with an estimate for the work and/or items that are not normally covered during Our installation. We will only be able to proceed if You either pay Us upfront or else make an irrevocable commitment to pay Us with Your next bill. Accepting Our estimate implies an irrevocable commitment to pay these charges.
- When We come to provide the installation or rectify a fault, You or an adult acting on Your behalf should be present to take responsibility for any physical work that We may need to carry out on Your Premises to provide You with the Service. We may refuse to proceed if for whatever reason We believe that the person present cannot assume such responsibilities, such as if this person is clearly a minor. In this case, You will need to set another appointment with Us. You agree that We are not responsible if We are unable to adhere to the timeframes for the provision or fault rectification of the Service due to any rescheduling in appointments for a reason attributable to You.
- We may provide You with Equipment to enable Your connection to the Service. You agree to keep the Equipment connected as instructed by Us, to take good care of Our Equipment and not to dispose of it in any way or make use of it for any reason other than that for which it was provided, without Our written consent. If the Equipment is damaged beyond normal wear and tear, lost or stolen, We may charge You a fee for its repair or replacement. If the Equipment makes use of batteries You agree to be responsible for their recharging or replacement as required.

7. You agree to access the Service only by using the Equipment provided by Us. We reserve the right to restrict access to the Service such that You may only access it if You use all of the Equipment provided by Us concurrently. We shall be entitled to disable any Equipment that is not being used as directed by Us.

8. You understand that We may sometimes, without notice, need to connect remotely to restart and manage Your Equipment. We will do this in order to ensure the quality of and/or provide support for the Service. You agree that You will follow any reasonable instructions We give You in this respect.

9. From time to time We may need to replace Your Equipment for technical reasons or to maintain the quality of the Service. In such cases We will inform You accordingly and where the change needs to be performed by Us at Your Premises, We will set an appointment with You to carry out the changes. You agree not to connect any equipment that is not compliant with local regulations in force at the time or that may harm the Network or other Equipment. If Your actions cause a fault to the Equipment, Network and/or to any other third parties, You shall be liable and remain bound to pay for all expenses and/or damages of whatever nature incurred by Us and/or any other third party affected, and shall fully indemnify and hold Us harmless from any such claim.

11. We may group individual Services that You have with Us in one or more accounts and/or bills for administrative reasons.

12. Where We provide pre-paid services, You agree and understand that such Service will only be available for use on condition that You top-up Your credit when needed. You may top-up using any one of the top-up mechanisms provided by Us or third parties, however You understand and acknowledge that if You make use of third party services, We are not responsible for the availability or quality of such services. You will need to deal directly with the third parties if You encounter any problems with their services. We will only be able to assist if We have sub-contracted or otherwise entered into an agreement with a third party provider for the provision of this service.

13. We may block top-ups and/or Your Service if fraud is suspected or else if We experience chargebacks for top-ups made to Your Service.

14. Some pre-paid Services involve a time window that is reset upon top-up. The length of the time window is as specified in the Tariff Plan or Schedule of Charges. Upon expiry of the time window, Your connection may be lost and the number or other identifying details, such as an e-mail address, assigned to someone else. It is Your responsibility to top-up the Service in order to keep it active.

15. Some pre-paid Services require that You commit to a certain amount of billable usage within a specific time period in order to keep the Service active. This amount is as specified in Your Tariff Plan or Schedule of Charges. We reserve the right to bill You for this amount and/or terminate the Service if this amount is not reached.

16. We may restrict the use of certain services or bar You from applying for certain offers or Tariff Plans unless You register Your personal details with Us or if there are any other limitations, such as segment offers, that apply only if You meet pre-defined criteria.

17. It is especially easy for some pre-paid Services to change ownership. It is Your responsibility to inform Us if a pre-paid Service no longer belongs to You. We will not be able to change the registration to someone else's name unless that person applies directly with Us or for any other reason We deem that We cannot process this request. In any case, where possible, We will remove Your registration details from the connection. If such removal is not possible, We will terminate the Service. We will make every possible attempt to notify the new owner through one of the means available to Us as per clause K.1 that We will need to terminate the Service and if so desired, this person can apply for a new pre-paid connection. Such Service may be denied if it is reasonably determined by Us that We cannot provide it.

#### **D. Minimum Term**

1. Unless otherwise stated in the Agreement, the minimum term for which You may apply for the Service is one (1) month. This starts from the date in which We provide You with the Service.

2. If You terminate the Agreement during the minimum term, You will be billed an early termination fee in the form of one (1) month's rental charge or the remaining pro-rata part thereof. You may also be liable to pay a penalty fee as specified in Your Tariff Plan or Schedule of Charges. This applies also if You downgrade Your Service before the minimum term expires. These charges however do not apply if You terminate the Service in accordance with clause I.5.

3. You may upgrade Your Service at any time without incurring this penalty charge.

#### **E. Amendments to Your Agreement**

1. We will seek to inform You beforehand of any changes that will affect Your Service. We will do so as outlined in clause K.1.

2. We will notify You thirty (30) days beforehand in case We make any changes to Your terms of Service that may affect You negatively. During this time You will be able to terminate Your Agreement with Us, by notifying Us in writing, within those thirty (30) days without incurring any early termination penalties. Not notifying Us within this time period or else making use of the Service after these thirty (30) days have elapsed signifies that You have accepted the new terms. If You terminate the Service within the thirty (30) days, You will still be liable to pay for the Service as detailed in clause I.1 (excluding clause I.1.d) and You should return any Equipment We provided to You for the provision of the Service. This thirty (30) day notification period does not apply if the changes affect You positively or else if they are imposed by legal or regulatory obligations to which We must comply.

3. If You wish to make any amendments to Your Agreement to which You are entitled, You may do so by notifying Us in writing or else through any other means accepted by Us. There may be one-time and/or recurring charges for the provision of these changes. If it results that what is being requested cannot be entertained by Us for any reason whatsoever, such as a request for a payment option not supported by Us or not available on Your particular Tariff Plan, We will reject Your request. Until We accept Your request the Service will continue as previously. Some amendments to Your Agreement, if deemed by Us to be substantial, may involve resetting Your minimum term.

#### **F. Our Responsibilities**

1. We will provide You with the Service outlined in the Agreement if You meet all necessary criteria for the provision of the Service. The technology over which We provide the Service shall be solely at Our discretion. We may, over the course of Your Service, change the technology over which We provide the Service. In that case, We will notify You if there are any changes to the way Your Service operates. We will only be responsible for changes to Equipment or installations provided by Us.

2. If You think that the Service We are providing to You deviates from what You signed up for, You may contact Us. If We find that We cannot provide You with the Service, You will have the option to change or terminate the Service without incurring early termination charges, but You will still be bound to pay all amounts due as per clause I.1.

3. We will endeavour to provide You with a consistent and fault-free service, however You acknowledge that this may not always be possible. If You encounter a fault or a problem with Our service, You should inform Us and We will look into it. You may find the procedure for contacting Us in the Service Promise. If, after We have investigated the matter and tried to deal with it You are still not satisfied with the outcome, You may contact the Malta Communications Authority (MCA), Valletta Waterfront, Valletta, or in any other office they may hold at the time.

4. We may sometimes need to interrupt the Service in order to carry out any improvements or maintenance. We will endeavour to reinstate the Service in the shortest time possible; however You acknowledge and agree that these matters may be beyond Our control. Where possible, We will seek to issue a notification of such works, although this may not be on a one-to-one basis hence We may use the media to publish Our message.

5. We are only responsible for installations or other works carried out by Us or Our authorised third party contractors. We are not responsible for the work carried out by others, including any self-install options from which You may avail, although We may agree to assist You with resolving any issues at a charge.

6. We do not guarantee that Our Network covers the whole Territory or else that the quality of service is the same throughout. We may not be able to provide You with the Service in Your area or else provide it to the level of quality You desire.

7. We will endeavour to adhere to all legal and regulatory requirements when providing the Service, as well as to follow industry standards for the provision of the Service.

8. In case Your whole Service becomes unavailable, We will repair Your Service within the timeframe indicated in the Service Promise, but You need to cooperate with Us in order for Us to be able to adhere to this timeframe. This may involve Us visiting Your Premises and will thus need You to be available to grant Us access. This timeframe does not apply to Force Majeure events or to damage caused by third parties, including anything You may have done from Your end. We will rectify any faults free of charge unless they are attributable to something that You have done. You may be asked to take damaged Equipment to a designated location for inspection.

9. We are only responsible for the terms of Our Service and offers that We make public ourselves. We cannot accept responsibilities for any statements or commitments made by any third parties, unless We officially authorise them in writing.

10. Unless otherwise required by law or any competent authority, We shall not provide You with any statements and/or information in relation to Your Service (inter alia including any information with respect to calls made or received). Where We provide such information, We reserve the right to charge a processing fee.

11. We acknowledge that there may be instances where You may be entitled for compensation. The details on the compensation available to You as well as the procedure for applying for it are available in the Service Promise.

#### G. Your Responsibilities

1. You shall be responsible for the use of the Service at all times, including if third parties make use of it whether with or without Your consent. You should use the Service in the way it was intended, legally and in conformity with all regulations and inform Us if You become aware of any breaches.

2. You may be provided with passwords, security codes, usernames and any other such matters that regulate access to the Service. It is Your responsibility to keep them safe and not disclose them to third parties.

3. We may be unable to accept requests to move the Service to different Premises. If You move to another Premises and the Service cannot, for whatever reason, be provided at Your new address, You may terminate the Service by paying all amounts due as stated in clause I.1, including any applicable termination charges.

4. If We do accept a request from You to move the Service to another Premises, the Agreement that binds You shall be the same as that for a new Application.

5. Any Equipment or installations We provide You shall remain Our property and You agree to keep them safe. You should not tamper with or allow anyone else to tamper with them. If such tampering occurs and it results in damages to Our Equipment, Network, cables or to third parties, We reserve the right to charge You for their repair or replacement. We will not be responsible for damages incurred by third parties due to Your negligence.

6. You understand that, like any similar electronic communications network, any information transmitted over Our Service may be retrieved by third parties. You need to ensure that You take all necessary measures to keep the transmission of any information accessed over Our Service safe.

7. Whenever You connect to third party services, You may be exposing Your Service, Equipment or devices to online threats such as malicious software, viruses or hacking. You are responsible to ensure that You install and update adequate safety measures to protect against such threats.

8. You understand that not all Content accessed through the Service is suitable for everyone or legal. You are responsible to take measures to restrict access to any objectionable or illegal Content, both if You make use of the Service or if others make use of it.

9. From time to time We may issue instructions on the use of the Service, Equipment or Network that We need You to comply with if You are to continue benefiting from the Service.

10. You agree that You will not engage the Service in any way that may interfere or damage the Network or slow down the Service for third parties.

11. We may need to access Your Premises during reasonable hours to inspect or perform works on the Equipment or installation. You agree that You will allow Us to do this in order to be able to continue providing You with the Service.

#### H. Payment

1. You hereby irrevocably constitute Yourself as Our certain, liquid, and true debtor, whereby You accept to pay for any and all balances remaining unpaid for the Service and/or any penalties, charges, fees, expenses and interests due, including for any Equipment that is not returned in good condition.

2. You agree to pay all charges for the Equipment, installation and Service, including any additional charges detailed in these terms, the Tariff Plan or Schedule of Charges, whether You use the Service or someone else does with or without Your consent.

You may settle Your payments as follows:

- Via Direct Debit Mandate
- Via Internet Banking
- Via a Bank Transfer
- Via My GO
- By sending a cheque payable to GO p.l.c.
- By effecting cash payments (in one of our retail outlets or affiliated third parties)

Should there be additional charges associated with using certain payment methods, these will be detailed in the specific Tariff Plan Terms and Conditions and/or Schedule of Charges.

3. We may refuse to accept payment in one or more formats for a legitimate reason, such as a payment option not being available on a particular Tariff Plan or else if We have reason to suspect that the proposed payment option may not be viable for the recovery of the charges.

4. We will normally bill You upfront for any rental charges for the Service, with the first month of Service being charged on a pro-rata basis from the date in which We received Your Application, and add it to Your first bill together with the following month's full rental charge.

5. Prices for usage are as set out in the Tariff Plan or Schedule of Charges and inclusive of all taxes unless otherwise stated.

6. We will seek to include all of the previous month's usage charges in Your next bill, however for reasons beyond Our control, such as in the case of Roaming charges where these may reach Us at a later date, this may not be possible. These charges will be reflected in the first possible bill.

7. We may include installation or other one-time charges to Your bill.

8. You will receive a bill by post or else in electronic format. We may levy a reasonable charge for the provision of the bill in printed format. This charge is as detailed in the Tariff Plan or Schedule of Charges.

9. If for whatever reason You do not receive the bill, this does not exempt You from paying it. You should contact Us and We will re-send You a copy of Your bill. You may also request a copy at one of Our retail outlets.

10. You should pay all amounts due by the due date written on Your bill. Failure to pay by this date, including if Your attempt at payment is rejected due to insufficient funds or for any other reason, You will incur late payment charges and/or interest fees to the maximum allowable at law and/or any other punitive and/or applicable charges, which will be added to Your bill. These must be paid along with the rest of Your bill. We may also suspend, restrict or terminate Your Service if payment is not received.

11. If You do not agree with a charge in Your bill, You should notify Us by the bill due date so that We may investigate the matter. You should pay the uncontested amount of the bill within the due by date printed on Your bill. In the event that the claim is found to be justified We will refund any applicable late payment charges or late payment interest.

12. You will be responsible to pay Your bill even if You were not the person making use of the Service, whether such third party usage was made with or without Your consent. If You suspect that someone is making use of Your Service without Your permission or You have lost access to Your Service, such as by losing Your mobile phone, You should notify Us immediately so that We will suspend Your Service and You will not incur any more unauthorised charges on Your bill. We will not be responsible to seek payment from these third parties for the unauthorised charges.

13. If You do not pay Your bill, We may have to take alternative steps to recover the amounts due. In this case, any additional charges incurred through these measures will need to be paid by You.

14. We may request a deposit from You in order to provide You with the Service. This will not be off-set against a bill unless You default from payment. The deposit will be refunded to You upon termination of the Service and the payment of all due bills.

15. You agree that in the event of the payment of a deposit and/or any advance payments, no interest shall accrue in Your favour.

16. If You suspend the Service for any reason directly attributable to You but want Us to retain the connection for You, You will still be responsible to pay the rental charge for the duration of the suspension.

17. We may change the frequency with which We send You bills. These changes will not be deemed to constitute a change to Your terms and conditions of service.

18. Where applicable, We provide You with a basic itemised bill. If You require a more detailed statement, We will be able to provide it to You, subject to applicable law and regulation, but reserve the right to charge a fee.

19. We will charge You for any applicable installation charges that do not fall under Our standard installation policy either upfront or with Your next bill.

20. We may make use of third party payment systems for the processing of payments. In these cases, You should be aware that by making use of these systems You will be disclosing Your personal details to these third parties. You should familiarise

Yourself with their terms and conditions before proceeding with affecting the payment, and refrain from using their services if You do not agree with any of their clauses.

21. When You make use of third party payment methods, whether those provided by Us or other parties, You may be charged a processing fee. You are responsible to pay this fee. You are also responsible to ensure that You take all necessary measures to keep Your personal details, including Your debit/credit card details, safe.

22. We may perform a credit worthiness check on You at any time. We may share Your details with credit reference agencies if You default on Your payments. We may also enforce You to pay using specific methods of payment. Further information on our sharing of Your personal data with third party credit reference agencies may be found in our Privacy Policy.

23. It is Your responsibility to ensure that You keep all receipts provided to You. You also need to keep in mind that when You pay through online methods, whether through Our portal or a third party service, the receipt may only be available for a certain period of time, after which it will be deleted and cannot be retrieved. You should ensure that You store or print a copy of these receipts for future reference.

#### I. Ending the Service

1. Unless otherwise stated in the Agreement, whatever the reason for the termination of the Service after You have submitted Your Application Form, You will remain bound to pay:

- a. The pro-rata rental charges, if applicable;
- b. All usage done until the date of termination;
- c. For any Equipment given to You for the provision of the Service unless this is returned to Us in good condition, save for normal wear and tear;
- d. For any special discount or offer that was given to You on condition that You retain the Service for a specific period of time, unless the time period has elapsed;
- e. Any other dues that are owed to Us, whether as detailed in the Tariff Plan or Schedule of Charges or as quoted by Us and agreed with You.

2. The Service may be terminated by either party in accordance with the terms of this Agreement or as provided by law.

3. You may terminate the Service with Us by filling in the Application Form and returning it to Us. We will endeavour to terminate the Service within fourteen (14) days, however We will only be able to do so if We have all the necessary information from You. You will need to pay all the charges as detailed in clause I.1, as well as any termination fees that may apply. You should also return any Equipment We provided to You for the provision of the Service. If You do not return the Equipment upon termination, We retain the right to bill You for its replacement. You agree to grant Us access to the Premises to recover any Equipment that cannot be removed by You.

4. If We owe You some money upon Your termination, such as the return of a deposit or pre-payment, We will do so but may off-set all or part of it against any outstanding balances.

5. In certain cases determined by law in connection with distance and off-premises Agreements, You have the right to withdraw from Your Agreement within fourteen (14) days from the date that We accept Your Application. If You wish to cancel Your Agreement, You may do so in writing by filling in and returning the withdrawal form, which may be found on Our website or else You may request a copy from one of Our retail outlets. If the Service has already been provided, You will still be liable to pay the charges as detailed in clause I.1, as well as for any applicable termination charges. You will also be responsible to return any Equipment We provided to You for the provision of the Service at Your expense and will be required to pay for its replacement if this is not returned in the same condition it was provided to You, including within the same packaging, or at all. If You do not abide by these conditions, You agree that You shall lose the right to withdraw from the Agreement.

6. We may suspend or terminate, as may be the case, the Service at any time without any liability to You if:

- a. You do not adhere to any of the terms and conditions of service, including non-payment of Your bills;
- b. We are obliged to do so due to legal or regulatory obligations;
- c. We are for any reason unable to supply or continue supplying the Service;
- d. You become or We have reasonable cause to believe that You will become bankrupt or otherwise unable to pay for the Service;
- e. You do something that jeopardises the operation of Our Network or Service;

f. You fail to rectify the reason for a suspension of Your Service that is directly attributable to You;

g. We become aware that Your Service is being used illegally or irregularly.

7. You acknowledge that any restriction, suspension or termination of the Service shall be without prejudice to Our interests and to any other right or remedy in terms of the Agreement or at law.

#### J. Force Majeure (Matters beyond Our Reasonable Control)

1. Sometimes We may be unable to fulfil Our obligations due to reasons beyond Our reasonable control, which include but are not limited to severe weather, acts of God, terrorist activities, government action or action taken by any other competent authority or industrial disputes. If these reasons persist beyond thirty (30) days, You will have the right to terminate the Service without incurring any early termination fees or penalty charges. Notwithstanding, You will remain bound to pay the charges as detailed in clause I.1.

2. Likewise, if You cannot fulfil Your obligations due to reasons beyond Your reasonable control for a period exceeding thirty (30) days, We will terminate the Service without having to pay You any compensation or provide You with any forward notice. You will remain liable to pay the charges as detailed in clause I.1.

#### K. Notices

1. We may need to contact You from time to time. In this case, We may do so at Your registered billing address, via e-mail or SMS, by telephone or through any other means that become available from time to time. In these cases, We will deem to have notified You after the lapse of such reasonable time as We consider the notification to have been delivered. In the event that We use means that do not enable instantaneous delivery, such as letters sent to Your registered address, We will allow three (3) working days prior to deeming the notification delivered.

2. Should You need to contact Us, You may do so at Our registered address, by email or telephone, or through any other means that We make available to You. If You are sending Us a written letter or official form, We will need it to be signed. In case We allow You to send such notifications through electronic means, We may require some means of authentication to be able to entertain Your request.

#### L. Limitation of Liability

1. We provide the Service on an 'as is' and 'as available' basis. To the extent applicable at law, We are not liable for any direct or indirect losses or damages that may result from the use of or inability to use the Service. You agree that this extends to any third parties making use of Your Service.

2. Unless otherwise stated in this Agreement, We will not be responsible for any liability for any consequential loss or damage, howsoever defined, including any loss of profit, business, revenue, goodwill, anticipated savings or otherwise, which may arise in connection with this Agreement and/or the Service and We will have no responsibility to pay You compensation for financial loss, for any information which is lost or corrupted, or for any loss that could not have been reasonably expected.

3. If for any reason, due to an action or inaction on Your part, We are forced to defend ourselves from any claims made by third parties, You agree to help Us defend from such claims and to be liable to cover all expenses involved with Our defence from such challenges.

4. We are solely responsible for matters that are entirely within Our control. We may partner with third parties, as in the case of Roaming partners, to extend the level of Service We provide to You. We may also use third parties, such as Internet Service Providers (ISPs), to provide services to You over their network. You agree that You are making use of these services at Your own risk and that We are not responsible for the accuracy, quality or availability of the service provided by these third parties.

5. You may be able to access information using Our Services. You agree that We are not responsible for third party Content, third party services and any related fees and charges. We are also not responsible for the consequences of any action You take based on the information obtained from third parties over Our Service.

6. Unless otherwise dictated by law, Our liability to You in a one year period, where applicable, shall not exceed one year's worth of the monthly rental fees payable by You (if applicable) on the particular Service on which the liability was incurred.

7. Where applicable in this clause L, any limitations of liability and indemnity will extend to the GO Group, GO directors, officials, employees, sub-contractors and agents.

8. Nothing in this Agreement shall exclude or limit the liability of one of us (that is, We and You) to the other party in the case of death or personal injury that may arise because of one party's gross negligence, wilful misconduct or fraud.

9. You undertake and bind Yourself to indemnify and hold Us, Our directors, officials, employees, sub-contractors and agents harmless against any liability, loss or damage, whether direct or indirect, arising out of or in connection with the Service or

any use thereof, including but not limited to any claim for loss or damage made by any person whomsoever.

10. Nothing in this Agreement shall limit either party's rights at law.

#### M. Other Important Terms

1. Headings in this Agreement are for convenience only and shall not affect its interpretation.

2. If any term of this Agreement is found to be unenforceable or contrary to law it will be modified to the least extent necessary to make it enforceable, and to retain the original intention of the parties as far as possible. The rest of the Agreement shall remain in force.

3. We may refuse to process Your Application if You fail Our credit worthiness checks or if someone at the same Premises has failed Our credit worthiness check or has outstanding bills with Us or for any other reasonable cause.

4. We may be unable to process Your Application if there are any health and safety issues that prevent and/or hinder Us from carrying out the installation for the provision of the Service.

5. If, for any reason, We do not accept or are otherwise unable to process Your Application, it will be deemed as though the Agreement never existed in the first place. Notwithstanding, You will still be liable to pay the charges as defined in clause I.1, as well as any termination fees that may apply. You will also be responsible to return any Equipment We provided to You for the provision of the Service and will be required to pay for its replacement if this is not returned in the same condition it was provided to You or at all.

6. Where the day on or by which something must be done is not a business day in the Territory, that activity must be done on or by the first following business day.

7. We may block calls to certain local or foreign numbers or block of numbers if We detect or suspect possible fraudulent activity or anomalous use.

8. We may block any Equipment We have provided to You that You were supposed to pay for and have not affected payment for within the stipulated time period. We may also block Your equipment if We have reasonable cause to believe that it is causing interference or damage to Our Network or Service.

9. We may stop or modify access to third party services at any time. Unless otherwise stated by Us or at law, this will not constitute a change to the terms of this Agreement.

10. We may impose, change or remove credit limits. Unless otherwise stated by Us or at law, this will not constitute a change to the terms of this Agreement.

11. This Agreement does not make us (that is, You and Us) partners, agents, employees or representatives of one other.

12. You may only use the Service for its intended and acceptable use. You agree that any Content, software or other copyrighted material We supply to You is for Your own use and that You must not copy, change, publish or supply it to any other person without Our expressly written consent. We reserve the right to refuse Our consent.

13. If either one of us (that is, You and Us) does not exercise a right stated in the Agreement at all or immediately, this does not preclude this party from enforcing this or any other right in the future.

14. We shall be authorised to act as an agent for and/or follow up matters related to other companies within Our Group. Likewise, We may be represented by other companies within Our Group.

15. Subject to applicable law, We shall be entitled to assign this Agreement to another party either in whole or in part.

16. This Agreement is personal to You and You undertake not to assign, dispose of, re-sell, sub-lease or in any other way transfer the Service and/or Equipment provided to You, or assign or otherwise dispose of any benefit or advantage, whether in whole or in part.

17. This Agreement has been drafted in the English language. If it is translated into any other language and ambiguities arise, the English text shall be used as the definitive guide.

18. This Agreement is governed and construed according to the Laws of the Republic of Malta. Any disputes are to be submitted to the jurisdiction of the Maltese courts.
