**LEGAL AND ADMINISTRATIVE FEES**

as applicable

- For these products, E-Billing is the default method for billing purposes. Customers are required to supply GO with a valid email address where notifications will be sent inter alia informing the customer that the bill has been issued and any other information. It is the customer's responsibility to inform GO of any change in his email address. If customer opts for a printed bill sent by post to his billing address he will be charged an additional two euro (€2) per bill.
- For these products, Direct Debit Mandate (DDM) is the default payment method of this Bundle. If You opt not to pay via DDM, a €1.00 monthly charge applies per bill issued.

**TYPICAL SPEED RANGE FOR INTERNET PRODUCTS**

As per MCA Decision Notice MCA/D/13-1475 dated 1<sup>st</sup> February 2013, below please find the Typical Speed Range associated with the Internet product. The customer can identify the download and upload speed associated with his/her Internet product through the Internet Tariff Plan which is printed with this contract.

DOWNLOAD SPEED		UPLOAD SPEED	
ADVERTISED SPEED / MBPS	TYPICAL SPEED RANGE / MBPS	ADVERTISED SPEED / MBPS	TYPICAL SPEED RANGE / MBPS
5	5	0.5	0.5
Ready (15)	15	Ready (1)	1
Rapid (35)	33-35	2	2
Turbo – Home packs launched May 2019 (75)	48-75	Rapid (5)	5
Turbo – Duo / Home packs launched before May 2019 (70)	48-70	Turbo (15)	15
Fibre Turbo (100)	100	Fibre Sonic (20)	20
Boost (300)	300	Boost (30)	30
75	57-75	Fibre Ultra (20)	20
Fibre Sonic (200)	200	Super (50)	50
200	200	Giga (60)	60
Fibre Ultra (500)	500		
Super (500)	500		
Giga (1000)	1000		
12	12		
20	20		

The Typical Speed Range is measured in accordance with the MCA specifications in the above mentioned Decision Notice. Where the 20<sup>th</sup> and 80<sup>th</sup> percentile marks are the same, a single figure is given in the above table.
