2. The fee stipulated in clause B.6.a above is payable upon subscription to the Add-On as per clause B.3.
3. Upon sending the relevant code by SMS to 16410, verification will be made by Us as to whether there is sufficient credit on Your Pay As You GO SIM Card or through your bank if you opt for our Card Linked Bundle Payment method for the Add-on to be assigned. If not, the Add-on will not be assigned, in which case the standard pay-per-use rates of Your tariff will continue to apply.
4. Further to C.3, should you opt for the card linked bundle payment method or enough credit be available for the Add-on to be assigned, You should still await the SMS confirmation from Our end that the Add-on has actually been assigned before making any usage. Any usage done before You receive such confirmation from Us will be rated at the standard pay-per-use rates applicable on your main tariff plan.
5. The Add-on will be automatically renewed every 4 weeks (or 28 days), assuming there is sufficient credit on Your Pay As You GO SIM Card or funds in your bank account if you opt for the Card Linked Bundle Payment method. If there is insufficient credit available upon renewal, the renewal process will remain active for 28 days. If you are subscribed to the bundle using our Top-up payment method, upon topping-up during these 28 days, the applicable fee shall automatically be deducted from the available credit and the Add-on will be renewed. Should You not wish the auto-renewal to take place, You should send the SMS stipulated in clause B.6.i before the expiry date to stop the Add-on from automatically renewing upon expiry
6. Once the benefits included in the Add-on and the additional calls and mobile data to Home Pack Community members are consumed, the applicable pay-per-use rates until the expiry of the Add-on validity period shall be those mentioned in the Pay As You GO Play tariff Terms and Conditions (T&Cs) for both local and roaming usage whilst in the Zone 1 countries and UK.
7. Unless You have enough credit for Us to charge the applicable pay-per-use rate, You will not be able to do any activity usage on Your Smartphone or other device. You will be required to top-up Your mobile credit to do any activity usage.
8. Should the Add-on not auto-renew for any reason, the charges applicable will be the pay-per-use rates as mentioned in the Pay As You Go Play tariff.
9. You should refer to the list of Zone 1 countries in the relevant section on roaming on Our website. The standard roaming rates apply for roaming outside Zone 1 countries. All rates are specified in Our website.

D. Explanation Of Benefits Included

1. The voice calls in B.6.d and B.6.e are decremented on a per minute basis.
2. You can join a Home Pack Mobile Community when You are subscribed to this Add-on. If You do so, You will be entitled to the additional Home Pack Community minutes stated in clause B.6.e and the additional free mobile data as specified in clause B.6.c.
3. The Home Pack Community minutes made whilst roaming will be decremented from the minutes specified in B.6.e if available or else charged at the applicable pay-per-use rate as stipulated the Pay As You GO Play Tariff T&Cs.
4. The data units included in the Add-on and the additional free Home Pack Community mobile data are decremented on a per Kb basis, both locally and while roaming.
5. Once the Tariff is auto-renewed or purchased, any remaining balances of minutes and SMS included in the Tariff are lost. Any data units still available from B.6.b upon renewal can accumulate up to 100GB as long as the auto-renewal does not fail due to insufficient credit or any issues related to your bank if you have opted for the Card Linked Bundle Payment method. For avoidance of doubt, the data units will continue to accumulate once the same bundle is purchased before expiry or automatically renewed at the moment of expiration of the previous bundle. Otherwise all the accumulated data units will be lost.
6. Any data units still available from B.6.c will be reset upon auto-renewal of Add-on and any remaining data units will be lost.
7. If You are already subscribed to this Add-on and You join the Home Pack Community later, the additional free mobile data will be given upon Your next Add-on renewal or purchase.
8. When You make use of data, You will first utilise the additional free mobile data and then the data benefit included in the Add-on.
9. You may query the remaining balances of the benefits included in the Add-on, by sending a blank SMS to 16415 free of charge. You will receive the information through an SMS.
10. Chargeable calls to 800 range freephone numbers and tariff type 'B' and 'C' short codes will be deducted from this bundle. Calls to the '5' premium-rate range will be charged separately and will be deducted from your credit.

E. Interaction with Similar Plans or offers

1. Once You successfully subscribe to either of the Tariffs, You acknowledge that:
   a. The benefits included in the Add-on and the applicable pay-per-use charges will have priority over any other Super Top Up benefit previously assigned until the validity period of the Add-on expires.
   b. Your registration to a Super Top-Up will be automatically cancelled once the Add-on is successfully assigned. This implies that Your next top-up of €10 or more will not automatically re-assign any related benefits.
   c. Should You wish to benefit again from any Super Top-Up made available by Us at the time, You will have to apply a-new for the selected top-up benefits. You also acknowledge that upon successful registration to a Super Top-Up You will automatically be unsubscribed from the Add-on. This implies that the Add-on will not auto-renew upon expiry.
   d. You also acknowledge that should You reapply to a Super Top-Up benefit whilst still benefitting from the Add-on, the benefits included in the Add-on will have priority over any other Super Top Up benefit until the expiry date of the Add-on.
2. Should You wish to renew Your Add-on before the expiry period, all benefits included are reassigned in full and another 4 week validity period will apply.

F. Add-Ons

1. We may make various add-ons available with this Tariff. All such add-ons are clearly indicated on Our Website.

3. The above Tariffs are not compatible with the hereunder listed add-ons:
   a. Smart S, M, L, XL

4. Other Details

1. To protect you from excessive pay-per-use data expenses while roaming, your tariff plan has 2 data limits of Eur59 (incl. VAT) each. Unless you've informed us otherwise, once you reached 80% of your consumption, you will be notified and asked whether you would like to stop your consumption at €59 or else continue performing your data session until you reach another €59 limit by sending an SMS with the word 'OPTOUT' to 50700295. To make sure that future roaming data usage would be capped again at €59 you should send an SMS with the word 'OPTIN' to 50700295 at Your discretion.
2. These Tariffs are designed for customers habitually residing in Malta with occasional travel, and are not intended for permanent roaming. More detail of Our Zone 1 roaming fair usage policy can be found in the Product terms and conditions.
