 - The fee stipulated in clause B.6.a is payable upon subscription to the Tariffs, that is upon sending the applicable code or when choosing the respective Tariff from the GO App as per clause B.2
 - Upon subscribing to the Tariffs as specified in clause C.2.a, verification will be made by Us as to whether there is sufficient credit on Your Pay As You GO SIM Card or through your bank if you opt for our Card Linked Bundle Payment method for the Tariff to be assigned. If not, you will receive a message from us and the Tariff will not be assigned, in which case the standard pay-per-use rates of Your main tariff will continue to apply.
 - Further to C.2.b, should you opt for the Card Linked Bundle Payment method or enough credit be available for the Tariff to be assigned, You should still await the SMS confirmation from Our end that the Tariff has actually been assigned before making any usage. Any usage done before You receive such confirm
 - The Tariffs will be automatically renewed every 4 weeks (or 28 days), assuming there is sufficient credit on Your Pay As You GO SIM Card or funds in your bank account if you opt for the Card Linked Bundle Payment method. If there is insufficient credit available upon renewal, the renewal process will remain active for 90 days. If you are subscribed to the bundle using our Top-up payment method, upon topping-up during these 90 days, the applicable fee shall automatically be deducted from the available credit and the Tariff will be renewed. Should You not wish the auto-renewal to take place, You should send the phrase specified in clause B.6.i to 16410 (free of charge) at any time before the expiry date. This will stop the Tariff from automatically renewing upon expiry.
 - Once the benefits included in the Tariff are consumed, the applicable pay-per-use rates until the expiry of the Tariff's validity period, shall be those mentioned in clause B.6.k to B.8.o for both local and roaming usage whilst in Zone 1 countries.
 - The voice calls in B.6.d are charged on a per minute basis.
 - If You have sufficient credit to do so in accordance with clause C.2.i and keep on using Your mobile data beyond the data units included in Your Tariff as specified in B.6.b and B.6.c any local and roaming usage will be charged on a per 100MB basis as per clause B.6.k. Your usage, as stated in clause B.6.k, will continue to recur until the expiry date of the Tariff or until you reach €50 worth of data usage, whichever comes first. Any remaining balance from the last 100MB will be lost upon renewal or if the Tariff expires and is not renewed.
 - Further to C.2.g above, If You keep on using Your mobile data, locally and whilst roaming in Zone 1 countries, beyond the €50 worth of data usage, Your applicable data rate whilst in Malta and whilst roaming in Zone 1 countries will change to 10c/MB on a per MB basis.
 - Further to the pay-per-use charge for data as stipulated in B.6.k is only applicable during the validity period of the Tariff. Should for any reason, the Tariff no longer be renewed, the applicable pay-per-use rate will change to 10c/MB, until such time the Tariff is renewed or re-applied for.
 - Unless You have enough credit for Us to charge the applicable pay-per-use rate for local data usage as stipulated in B.6.k and to assign another 100MB of mobile data to Your Pay As You GO account, You are unable to continue using data on Your Smartphone or other device. You will be required to top-up Your mobile credit to use data.
 - Should the Tariff not auto-renew for any reason, the applicable Zone 1 roaming charges will be those applicable to the standard Pay As You Go tariffs and as indicated on Our website.
 - All charges listed in clause B are also applicable while roaming in Zone 1 countries, unless otherwise stated. You should refer to the list of Zone 1 countries in the relevant section on roaming on Our website. The standard roaming rates apply for roaming outside Zone 1. All rates are specified in Our website.
